**T**hank you for your interest in our company and our audiovisual services. For seventy-two years, we have followed a simple business model: create a company built on the principles of trust, dependability and value.

Through our rentals, sales and service divisions, we have introduced and supported a myriad of innovative, technological communications advances, meeting the audiovisual needs and demands of our customers.

We understand that our creativity and hard work is measured by the effectiveness of your presentation. We are truly satisfied when our clients deliver successful presentations.

Call me (1.800.933.6006) or your nearest Inland AV branch and see why *Winning Presentations Start Here.*

Sincerely

Kim Werbowski, Co-President & CEO

*Everything we do must be good for our Customers, our Employees and our Company*

**W**inning Presentations Start Here when you share your vision with us. Our event specialists will develop a custom AV system designed to deliver your message with optimal quality, efficiency and professionalism.

Inland AV trained technicians come with an “I can do that” attitude. They expertly set up your AV system, rehearse your scripted show, execute the presentation and dismantle after your final ovation. The attention to detail is the difference.

We have the equipment that you need and technicians experienced with the venues in Alberta, Saskatchewan and Manitoba.

## Event Staging

Event Staging is about impressing audiences. Our creativity, technical resources and experience fuse to create indelible memories.

## Conferences

We have supported thousands of international, national and provincial conferences and conventions . From the planning committee meetings until the closing ceremonies, you can depend on Inland AV.

## Meetings

Clear communication is the reason meetings are held. Audiovisual systems help you achieve the best results from the time, energy and money invested. Let us design the appropriate AV system for your next meeting

## Simultaneous Interpretation

When today’s global communities get together simultaneous interpretation services can bridge language barriers. Whether your event is two or more languages, Inland AV’s Federally approved simultaneous interpretation services are the solution.

## Videoconferencing

Conduct meetings face to face without the travel and lost productivity costs. All locations feature a videoconferencing suite. Our mobile suites transform your office, meeting or conference venue into a broadcast centre.

## Webcasting

Extend your reach with an interactive webcast or webconference. Blending traditional broadcasting with the instant, global reach of the internet, we can help deliver your message to the world.
